Schmalz Cup Semi-Finalists 2013, 2015, 2016, 2017, 2019

April 2021

Dear Sponsor

The Alliston Hornets Junior Hockey Association is proud to provide an organized competitive team sport to help build solid foundations for our youth as they develop individually, work as a team and excel as hockey players at a highly skilled level. We are delighted to be associated with each one of our athletes as well as members of the Alliston and surrounding communities.

We are excited to be celebrating our **50th Anniversary** throughout the 2021/2022 hockey season!! The Alliston Hornets are a non-profit organization that heavily relies on our local sponsors and fan base for support. Through our sponsorship program, we have been able to continue to put a high caliber team on the ice over the years, draw our community together and promote our sponsor partners.

The Alliston Hornets Junior Hockey Association players are ready to resume on-ice and compete as mandated by our Government Officials during these unprecedented times. We all are looking forward to this upcoming season and have a good core of local players returning.

Please find attached our updated sponsorship programs for the 2021/2022 hockey season including additions for our 50th Anniversary celebrations. Should you want to further discuss sponsorship or have any other questions, please do not hesitate to contact anyone on the Alliston Hornets Executive or myself directly as outlined below.

We look forward to your continued support and welcome new supporters for the upcoming 2021/2022 hockey season. The entire Alliston Hornets Junior Hockey Association appreciates your support and thank you in advance.

Sincerely,

Ken Cowen
President
