July 2022

Dear Sponsor

The Alliston Hornets Junior Hockey Association are proud to provide an organized competitive team sport to help build solid foundations for our youth as they develop individually, work as a team and excel as hockey players at a highly skilled level. We are delighted to be associated with each one of our athletes as well as members of the Alliston and surrounding communities.

The Alliston Hornets are a non-profit organization that rely heavily on our local sponsors and fan base for support. Through our sponsorship program, we have been able to continue to put a high caliber team on the ice over the years, draw our community together and promote our sponsor partners.

The Alliston Hornets Junior Hockey Association is busy preparing for the 2022-2023 Season. The Rookie Camp has already taken place and on-ice tryouts and training continue. We are all looking forward to the upcoming season and have a good core of local players returning.

Please find attached our updated sponsorship details for the 2022/2023 hockey season. Should you want to further discuss sponsorship or have any other questions, please do not hesitate to contact anyone on the Alliston Hornets Executive or myself directly as outlined below.

We look forward to your continued support and welcome new supporters for the upcoming 2022/2023 hockey season. The entire Alliston Hornets Junior Hockey Association appreciates your support and thank you in advance.

Sincerely,

Ken Cowen

President
